

Additional Credit Card Terms & Conditions

Last updated: June 10, 2025

Annual Fee Waiver

Note for cardholders who signed up before June 10, 2025: Effective July 10, 2025, the Qualifying Deposit for Core clients to waive the card's annual fee will increase from \$2,000 to \$4,000 per month.

The Annual Fee ("Fee") for the Wealthsimple Visa Infinite* Credit Card ("Card") is \$120 and charged monthly at \$10. The monthly fee is charged when the Card is issued (regardless of activation) and is billed to the first statement and once a month thereafter, unless this Fee is waived. Waiving the Fee is a promotional offer ("Fee Waiver Offer") and requires clients to meet specific criteria to qualify and continue having the Fee waived. The Card Fee is automatically waived for any client with a Premium or Generation status and the Fee will continue to be waived so long as that status is maintained. The Fee Waiver Offer is also available to Core clients who direct deposit at least \$4,000 per month into their chequing account within the preceding 30-days ("Qualifying Deposit"). If a Core client doesn't make a Qualifying Deposit, or if a Premium or Generation client cannot maintain their status and becomes a Core client without a Qualifying Deposit, the monthly fee of \$10 will be added to their next statement and continue to be charged until a Qualifying Deposit is confirmed.

Credit Card Rewards (Cashback Offer)

The cash back promotional offer ("Cashback Offer") is valid for new and existing users of the Card. The 2% earn rate, which may be subject to change, applies to net purchases during each statement period, excluding cash-like transactions, refunds, any applicable fees and adjustments ("Qualified Spend"). Cash back credits are earned on Qualified Spend only and pay out will occur in the following statement period for Qualified Spend purchases.
